

## Neumann TLM170R

## Condenser, multi-pattern.

### Description:

The TLM 170 R was the first microphone to use the successful fet 100 technology. Along with a balanced, transformerless output stage it features extremely low self-noise and an impressive dynamic range. Five directional characteristics are selectable by means of a rotary switch. In the sixth position, marked "R", the directional patterns can be controlled remotely with the N 48 R-2 power supply.

### Applications:

Crisp vocals, suitable for almost any application.
